

POLICY 5910
DIVORCED/SEPARATED PARENTS

Consistent with the intent of the District to promote the best interests of each student enrolled in its schools in partnership with both parents of the student, the District shall maintain strict neutrality between parents who are involved in an action affecting the family, unless otherwise directed by a court order.

In the event neither parent to an action affecting the family notifies the principal/designee of the existence of such action, neither parent shall be deemed to have rights superior to the other parent with respect to any minor student.

Unless otherwise expressly curtailed or restricted by a provision of a court order with which the principal/designee has been provided, the parent with physical placement rights of any student enrolled in a school subject to District control shall, upon request, be provided all grade reports, notices of school activities, disciplinary action, or teacher or principal conference appointments or summaries that are provided to the custodial parent or joint custodial and residing parent. The parent with physical placement rights shall be provided with a copy of all such information.
